

## COLOUR DESIGN – QUICK AND EASY TO IMPLEMENT

With **BASCOfield** ready mix, road surfaces can be coloured quickly and easily.

The product meets the requirements of standard VSS-40214/Colour design of road surfaces.

The cold plastic material is therefore ideally suited for the coloured coating of surfaces in trafficked areas such as traffic-calmed zones with a 30 km/h limit or in front of school buildings as well as for creating surfaces for public art projects. The ready-to-use formulation stands out for its easy single-coat application, excellent grip, and wide range of colours.

### TECHNOLOGY DESCRIPTION

**BASCOfield** ready mix is a solvent-free two-component cold plastic based on reactive

methacrylate resins (peroxide-cured). The special formulation is particularly suitable for surface coatings with high grip and long durability. It is applied manually.

### AREAS OF APPLICATION

**BASCOfield ready mix** is a durable, high-grip coating suitable for the coloured design of roads, cycle paths, residential areas, and much more. The two-component cold plastic is supplied “ready-to-use”. It enables simple and rapid on-site application because no additional work steps are required prior to processing. This ensures short downtime and rapid completion of work.

### YOUR BENEFITS AT A GLANCE

- Ready-to-use product
- Complies with FGSO standard (VSS-40214)
- Easy and fast application
- Very high grip
- Wide range of colours

## BASCOFIELD READYMIX – PRODUCT PROFILE

Tested according to/in	IMP
Substrates	Asphalt, concrete
Structure	Depending on the substrate See technical data sheet
Application	Trowel, roller
Consumption	Approx. 4 kg/m <sup>2</sup>
Colours	RAL colours on request
Special features	<ul style="list-style-type: none"><li>• Complies with FSGO standard</li><li>• Achieves high SRT values</li><li>• Consistent quality</li></ul>

## BERLAC AG – FOR THE DECISIVE ADDED VALUE OF YOUR PRODUCTS

For almost 100 years, Berlac AG, part of the Berlac Group, has specialised in the innovative development and agile distribution of high-quality road and surface markings as well as special and effect coatings for products made by internationally renowned brand manufacturers.

With innovative niche solutions for the watchmaking, eyewear, and automotive industries as well as for the household, health, sports, and road-marking sectors, Berlac has become synonymous with the highest quality and is now one of the world's leading companies in the industry.
